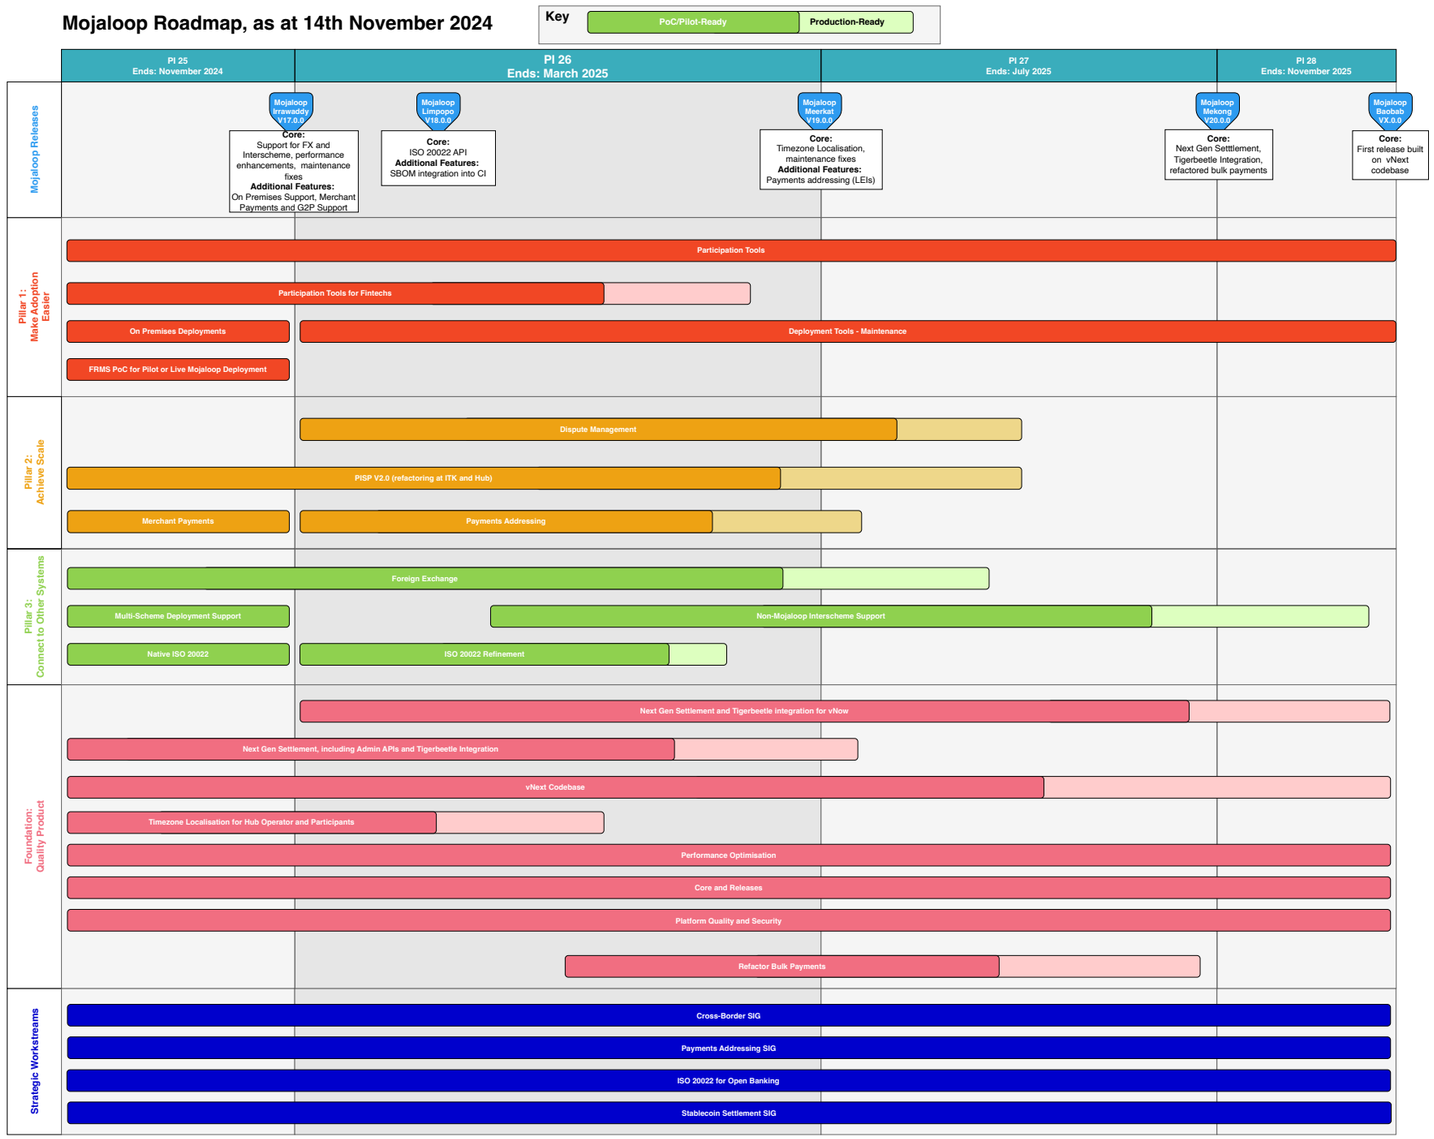
Mojaloop Roadmap, as at 14th November 2024



Candidate Workstreams For Future Adoption

1. Proxy For PAPSS / Settlement Adapter for PAPSS
2. Proxy for SWIFT
3. FX extensions for vNext
4. AISP extension to PISP/3PPI
5. Multiple alias resolution: Alias Resolution: Handling duplicate "resolutions", managing payee preferences, allowing DFSPs or payees to manage those preferences.
6. Support for domestic debit schemes for P2P/R2P
7. G2P: Extend to other forms of digital ID, beyond MOSIP
8. Language Localisation
